

## STEVE HARPER MEMORIAL SCHOLARSHIP

---

One of the best-known Kansans of his time, Steve Harper left his mark on Kansas through photographs and words. During his career, he was a photojournalism instructor at Wichita State University, the Wichita Eagle's photography editor and eventually, the newspaper's outdoors writer and photographer.

Steve's trademark works were photographs and articles working together on the natural beauty of Kansas. His series in the Eagle on Kansas day trips led to the publication of his popular book, "*83,000 square Miles, No Lines, No Waiting.*" His outdoor page was several times voted the best of its kind in the nation.

Sadly, Steve died of cancer on February 6, 2000, at the age of 55 in the same Newton house where he had grown up and raised three daughters.

The **Steve Harper Memorial Scholarship** was started at the suggestion of Governor Bill Graves, among others, as a way to honor Steve's dedication to Kansans and serving the Kansas outdoors. As Steve would have wished, it's presented to Kansas youth pursuing wildlife or nature-based careers at Kansas colleges, with Kansas-based career goals.

An excellent judge of character, Steve put as much stock in a person's initiative and accomplishments as academic successes.

The scholarship committee will give equal consideration to all three qualifications.

The scholarship is sponsored, funded, and administered by the Kansas Wildscape Foundation and the Outdoor Communicators of Kansas. For more information on the group, go to [www.facebook.com/ksoutdoorcommunicators](http://www.facebook.com/ksoutdoorcommunicators).
